PROXY STATEMENT
FOR THE 2023 ANNUAL MEETING OF STOCKHOLDERS
JUNE 23, 2023

We have sent you this Proxy Statement and the enclosed Proxy Card because the Board of Directors (the “Board”) of Unity Biotechnology, Inc. (referred to herein as the “Company”, “Unity”, “we”, “us”, or “our”), is soliciting your proxy to vote at our 2023 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Friday, June 23, 2023, at 9:00 a.m. local time, virtually at www.virtualshareholdermeeting.com/UBX2023. There will be no physical meeting location. The meeting will only be conducted via an audio webcast.

- This Proxy Statement summarizes information about the proposals to be considered at the Annual Meeting and other information you may find useful in determining how to vote.
- The Proxy Card is the means by which you actually authorize another person to vote your shares in accordance with your instructions.

In addition to solicitations by mail, our directors, officers, and regular employees, without additional remuneration, may solicit proxies by telephone, e-mail, and personal interviews. We may retain outside consultants to solicit proxies on our behalf as well. All costs of solicitation of proxies will be borne by us. Brokers, custodians, and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and we will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials.

Pursuant to the rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our Annual Meeting materials, which include this Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2022 (the “Form 10-K”), over the internet in lieu of mailing printed copies. We will begin mailing the Notice of Internet Availability to our stockholders of record as of April 24, 2023 (the “Record Date”) for the first time on or about April 28, 2023. The Notice of Internet Availability will contain instructions on how to access and review the Annual Meeting materials and will also contain instructions on how to request a printed copy of the Annual Meeting materials. In addition, we have provided brokers, dealers, banks, voting trustees, and their nominees, at our expense, with additional copies of our proxy materials and the Form 10-K so that our record holders can supply these materials to the beneficial owners of shares of our common stock as of the Record Date. The Form 10-K is also available in the “Financial Information” section of our website at <http://ir.unitybiotechnology.com/investor-relations>.

The only outstanding voting securities of Unity are shares of common stock, \$0.0001 par value per share (the “common stock”), of which there were 14,359,214 shares outstanding as of the Record Date (excluding any treasury shares). The holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote, present in person, or by remote communication, if applicable, or represented by proxy, are required to hold the Annual Meeting.

On October 19, 2022, we effected a 1-for-10 reverse stock split of all issued and outstanding shares of our common stock. Proportionate adjustments were made to the exercise prices and the number of shares underlying our outstanding equity awards, as applicable, and warrants exercisable for shares of common stock, as well as to the number of shares issuable under our equity incentive plans and certain existing agreements. This Proxy Statement reflects our reverse stock split.

INFORMATION ABOUT THE PROXY PROCESS AND VOTING

Why am I receiving these materials?

We have made this Proxy Statement and Proxy Card available to you on the internet or, upon your request, have delivered printed proxy materials to you, because the Board is soliciting your proxy to vote at the Annual Meeting, including at any adjournments or postponements of the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign, and return the Proxy Card, or follow the instructions below to submit your proxy over the telephone or on the internet.

This Proxy Statement, the Notice of Internet Availability, the Notice of Annual Meeting, and accompanying Proxy Card will be first made available for access by our stockholders on or about April 28, 2023, to all stockholders of record entitled to vote at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date, will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, there were 14,359,214 shares of common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on the Record Date, your shares were registered directly in your name with the transfer agent for our common stock, Computershare Trust Company, N.A., then you are a stockholder of record. As a stockholder of record, you may vote at the virtual Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we encourage you to fill out and return the Proxy Card or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank, or Other Agent

If, on the Record Date, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares at the virtual Annual Meeting unless you request and obtain a valid Proxy Card from your broker or other agent.

What am I being asked to vote on?

You are being asked to vote on two proposals:

- Proposal 1—the election of three Class II directors to hold office until our 2026 annual meeting of stockholders or until their successors are elected; and
- Proposal 2—the ratification of the appointment, by the Audit Committee of our Board, of Ernst & Young LLP, as our independent registered public accounting firm for the year ending December 31, 2023.

In addition, you are entitled to vote on any other matters that are properly brought before the Annual Meeting.

How do I vote?

- For Proposal 1, you may either vote "For" all the nominees to the Board or you may "Withhold" your vote for any nominee you specify.
- For Proposal 2, you may either vote "For" or "Against" or abstain from voting.

Please note that by casting your vote by proxy you are authorizing the individuals listed on the Proxy Card to vote your shares in accordance with your instructions and in their discretion with respect to any other matter that properly comes before the Annual Meeting or any adjournments or postponements thereof.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote at the virtual Annual Meeting. Alternatively, you may vote by proxy, by using the accompanying Proxy Card, over the internet, or by telephone. Whether or not you plan to attend the Annual Meeting, we encourage you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the Annual Meeting, you may still attend the virtual Annual Meeting and vote by following the instructions described below. In such case, your previously submitted proxy will be disregarded.

- To vote by attending the virtual Annual Meeting, vote your shares at www.virtualshareholdermeeting.com/UBX2023 during the Annual Meeting. You will need the 16-digit control number that appears on the accompanying Proxy Card (printed in the box and marked by the arrow) and the instructions that accompanied these proxy materials. For additional details on the virtual meeting, please see page 6 of this Proxy Statement.
- To vote using the Proxy Card, simply complete, sign, and date the accompanying Proxy Card and return it promptly in the envelope provided. If you return your signed Proxy Card to us before the Annual Meeting, we will vote your shares in accordance with the Proxy Card.
- To vote by proxy over the internet, follow the instructions provided on the Notice of Internet Availability.
- To vote by telephone, you may vote by proxy by calling the toll free number found on the Notice of Internet Availability.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote at the virtual Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker, bank, or other agent included with these proxy materials, or contact your broker, bank, or other agent to request a proxy form.

We provide internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

Who counts the votes?

Broadridge Financial Solutions, Inc. (“Broadridge”), has been engaged as our independent agent to tabulate stockholder votes, or Inspector of Election. If you are a stockholder of record, your executed Proxy Card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares through a broker, your broker returns one Proxy Card to Broadridge on behalf of all its clients.

How are votes counted?

Votes will be counted by the Inspector of Election appointed for the Annual Meeting, who will separately count “For” votes for all proposals, and, with respect to Proposal 2, “Against” votes, abstentions, and broker non-votes. In addition, with respect to Proposal 1, the election of directors, the Inspector of Election will count the number of “Withheld” votes and broker non-votes received. If your shares are held by your broker as your nominee (that is, in “street name”), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to “routine” items, but not with respect to “non-routine” items. See below for more information regarding: “**What are ‘broker non-votes’?**” and “**Which ballot measures are considered ‘routine’ or ‘non-routine’?**”

What are “broker non-votes”?

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine.” Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine,”

but not with respect to “non-routine” matters. In the event that a broker, bank, custodian, nominee, or other record holder of common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular proposal, then those shares will be treated as broker non-votes with respect to that proposal. Accordingly, if you own shares through a nominee, such as a broker or bank, please be sure to instruct your nominee how to vote to ensure that your vote is counted on each of the proposals.

Which ballot measures are considered “routine” or “non-routine?”

The ratification of the appointment of Ernst & Young LLP, as our independent registered public accounting firm for the year ending December 31, 2023 (Proposal 2) is considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore, no broker non-votes are expected to exist in connection with Proposal 2. The election of directors (Proposal 1) is considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore, there may be broker non-votes on Proposal 1.

How many votes are needed to approve the proposal?

With respect to Proposal 1, the election of directors, the three nominees receiving the highest number of “For” votes will be elected. “Withhold” votes and broker non-votes will have no effect on the election of the nominees.

With respect to Proposal 2, the affirmative vote of the majority of votes cast affirmatively or negatively (excluding abstentions and broker non-votes) is required for approval. This is a routine proposal, and therefore, we do not expect any broker non-votes.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of the Record Date.

What if I return a Proxy Card but do not make specific choices?

If we receive a signed and dated Proxy Card and the Proxy Card does not specify how your shares are to be voted, your shares will be voted as follows:

- “For” the election of each of the three nominees for director; and
- “For” the ratification of the appointment of Ernst & Young LLP, as our independent registered public accounting firm for the fiscal year ending December 31, 2023.

If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your Proxy Card) will vote your shares in his or her discretion.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers, and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors, officers, and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks, and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must either sign and return all of the Proxy Cards or follow the instructions for any alternative voting procedure on each of the Proxy Cards.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy with a later date.

- You may send a written notice that you are revoking your proxy to our Corporate Secretary at Unity Biotechnology, Inc., 285 East Grand Ave., South San Francisco, CA 94080.
- You may attend the virtual Annual Meeting and vote at the meeting by following the instructions described above. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank, or other agent, you should follow the instructions provided by them.

How do I attend the virtual Annual Meeting?

The live audio webcast of the Annual Meeting will begin promptly at 9:00 a.m. local time. Online access to the audio webcast will open approximately 15 minutes prior to the start of the Annual Meeting to allow time for our stockholders to log in and test their devices' audio system. We encourage our stockholders to access the meeting in advance of the designated start time.

To attend the Annual Meeting, stockholders will need to log-in to www.virtualshareholdermeeting.com/UBX2023 using the 16-digit control number on the proxy card or voting instruction form.

Can I submit questions prior to or at the virtual Annual Meeting?

Stockholders may submit questions and vote on the day of, or during, the Annual Meeting on www.virtualshareholdermeeting.com/UBX2023. To demonstrate proof of stock ownership, you will need to enter the 16-digit control number received with your proxy card or voting instruction form to submit questions and vote at our Annual Meeting. We intend to answer questions submitted during the meeting that are pertinent to the Company and the items being brought before stockholder vote at the Annual Meeting, as time permits, and in accordance with the Rules of Conduct for the Annual Meeting. Questions and answers will be grouped by topic and substantially similar questions will be answered only once. To promote fairness, efficiently use the Company's resources, and ensure all stockholder questions are able to be addressed, we will respond to no more than three questions from a single stockholder.

Is technical assistance provided before and during the virtual Annual Meeting?

Beginning 15 minutes prior to the start of and during the virtual Annual Meeting, there will be a support team ready to assist stockholders with any technical difficulties they may have accessing or hearing the virtual meeting.

When are stockholder proposals due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 30, 2023, to our Corporate Secretary at Unity Biotechnology, Inc., 285 East Grand Ave., South San Francisco, CA 94080; provided that if the date of the annual meeting is more than 30 days from June 23, 2024, the deadline is a reasonable time before we begin to print and send our proxy materials for next year's annual meeting. Pursuant to the bylaws, in order for a stockholder to present a proposal for next year's annual meeting, other than proposals to be included in the proxy statement as described above, or to nominate a director, you must do so between February 24, 2024, and March 25, 2024; provided that if the date of that annual meeting is more than 30 days before or more than 60 days after June 23, 2024, you must give notice not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of common stock issued and outstanding and entitled to vote are present in person, or by remote communication, if applicable, or represented by proxy at the Annual Meeting. Shares are considered present "in person" if voted by the holder of those shares during the Annual Meeting or by proxy. On the Record Date, there were 14,359,214 shares outstanding and entitled to vote. Accordingly, 7,179,608 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum.

Your shares will be counted toward the quorum only if you submit a valid proxy or vote at the Annual Meeting. Abstentions and broker non-votes will be counted toward the quorum requirement. If there is no quorum, either the Chair of the Annual Meeting or a majority in voting power of the stockholders entitled to vote at the Annual Meeting, present in person, or by remote communication, if applicable, or represented by proxy, may adjourn the Annual Meeting to another time or place.

How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

Implications of being an “emerging growth company.”

We are an “emerging growth company” as that term is used in the Jumpstart Our Business Startups Act of 2012 and, as such, have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements include reduced disclosure about our executive compensation arrangements and no non-binding advisory votes on executive compensation. We will remain an emerging growth company until the earlier of: (1) (a) December 31, 2023, (b) the last day of the fiscal year in which we have total annual gross revenue of at least \$1.07 billion, or (c) the last day of the fiscal year in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period. We expect that we will no longer qualify as an emerging growth company after December 31, 2023, at which time we will become subject to certain disclosure and compliance requirements as discussed in our Annual Report on Form 10-K for the year ended December 31, 2022 that apply to other public companies but that did not previously, or currently, apply to us due to our status as an emerging growth company.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Our Board is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a staggered, three-year term. Unless the Board determines that vacancies (including vacancies created by increases in the number of directors) shall be filled by the stockholders, and except as otherwise provided by law, vacancies on the Board may be filled only by the affirmative vote of a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board currently consists of eight seated directors, divided into the three following classes:

- *Class I directors:* Nathaniel E. David, Ph.D., Anirvan Ghosh, Ph.D. and Gilmore O'Neill, M.B., whose current terms will expire at the annual meeting of stockholders to be held in 2025;
- *Class II directors:* Paul L. Berns, Michael P. Samar and Camille D. Samuels, whose current terms will expire at the Annual Meeting; and
- *Class III directors:* Keith R. Leonard Jr. and Margo R. Roberts, Ph.D., whose current terms will expire at the annual meeting of stockholders to be held in 2024.

At each annual meeting of stockholders, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third subsequent annual meeting of stockholders.

Messrs. Berns and Samar, and Ms. Samuels have been nominated to serve as Class II directors and have each elected to stand for reelection. Each director to be elected will hold office from the date of their election by the stockholders until the third subsequent annual meeting of stockholders or until his or her successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR*
THE ELECTION OF EACH NAMED NOMINEE.**

The following table sets forth, for the Class II nominees (who are currently standing for re-election) and for our other current directors who will continue in office after the Annual Meeting, information with respect to their ages as of April 24, 2023, and position/office held within the Company:

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers, directors, and consultants, including those officers responsible for financial reporting. The code of business conduct and ethics is available on our website at <http://ir.unitybiotechnology.com/investor-relations>. We expect that any amendments to the code, or any waivers of its requirements, will be disclosed on our website. The reference to our web address does not constitute incorporation by reference of the information contained at or available through our website.

Corporate Governance Guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. Our Board adopted these Corporate Governance Guidelines in order to ensure that it has the necessary practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices our Board follows with respect to Board and committee composition and selection, Board meetings, Chief Executive Officer performance evaluation, and succession planning. A copy of our Corporate Governance Guidelines is available on our website at <http://ir.unitybiotechnology.com/investor-relations>.

Independence of the Board of Directors

As required under the Nasdaq Global Select Market (“Nasdaq”) rules and regulations, a majority of the members of a listed company’s board of directors must qualify as “independent,” as affirmatively determined by such board. The Board consults with the Company’s counsel to ensure that the Board’s determinations are consistent with all relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent Nasdaq listing standards, as in effect from time to time.

Consistent with these considerations, our Board has determined that all of our directors, other than Drs. David and Ghosh, qualify as “independent” directors in accordance with the Nasdaq listing requirements. Dr. Ghosh is not considered independent, because he is an employee of Unity. Dr. David is not considered independent, because he has been an employee of Unity within the last three years. The Nasdaq independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his or her family members has engaged in various types of business dealings with us. In addition, as required by Nasdaq rules, our Board has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board considered information provided by the directors and us with regard to each director’s business and personal activities and relationships as they may relate to us and our management. There are no family relationships among any of our directors or executive officers.

As required under Nasdaq rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. Each of the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee of our Board are comprised entirely of directors determined by the Board to be independent within the meaning of Nasdaq and SEC rules and regulations applicable to the members of such committees.

Leadership Structure of the Board

Our bylaws and Corporate Governance Guidelines provide our Board with flexibility to combine or separate the positions of Chairman of the Board and Chief Executive Officer and/or to implement a lead director in accordance with its determination that utilizing one or the other structure would be in the best interests of the Company. Mr. Leonard currently serves as the Chairman of our Board, and Mr. Berns currently serves as the lead independent director of the Board. All of our directors are encouraged to make suggestions for agenda items and pre-meeting materials for meetings of the Board of Directors. In addition, in his role as lead independent director, Mr. Berns presides over the executive sessions of the Board in which our Chief Executive Officer does not participate and serves as a liaison to management on behalf of the independent members of the Board of Directors.

Our Board has concluded that our current leadership structure is appropriate at this time. However, our Board will continue to periodically review our leadership structure and may make such changes in the future as it deems appropriate.

Role of Board in Risk Oversight Process

Risk assessment and oversight are an integral part of our governance and management processes. Our Board encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing us. Throughout the year, senior management reviews these risks with the Board at regular Board meetings as part of management presentations that focus on particular business functions, operations, or strategies and presents the steps taken by management to mitigate or eliminate such risks.

Our Board does not have a standing risk management committee, but rather administers this oversight function directly through our Board as a whole, as well as through various standing committees of our Board that address risks inherent in their respective areas of oversight. While our Board is responsible for monitoring and assessing strategic risk exposure, our Audit Committee is responsible for overseeing our major financial risk exposures and the steps our management has taken to monitor and control these exposures. The Audit Committee also monitors compliance with legal and regulatory requirements and considers and approves or disapproves any related person transactions. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Board Committees

Our Board has the following standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and a Science Committee. Our Board may establish other committees to facilitate the management of our business. The composition and functions of each committee are described below.

The current members of our Audit Committee are Paul L. Berns, Michael P. Samar, and Camille D. Samuels. Mr. Samar serves as the Chair of the committee. All members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and Nasdaq. Our Board has determined that Mr. Samar is an audit committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication as defined under the applicable rules and regulations of Nasdaq. Under the rules of the SEC, members of the audit committee must also meet heightened independence standards. Our Board has determined that each of Messrs. Berns and Samar and Ms. Samuels are independent under the applicable rules of the SEC and Nasdaq.

The Audit Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq. A copy of the Audit Committee charter is available to security holders on the Company’s website at <http://ir.unitybiotechnology.com/investor-relations>.

Compensation Committee

Our Compensation Committee oversees policies relating to compensation of and benefits for our officers and employees. The Compensation Committee approves or recommends to our Board corporate goals and objectives relevant to the compensation of our executive officers (other than our Chief Executive Officer), evaluates the performance of these officers in light of those goals and objectives, and approves the compensation of these officers based on such evaluations. The Compensation Committee also reviews and approves or makes recommendations to our Board regarding the issuance of stock options and other awards under our stock plans to our executive officers (other than our Chief Executive Officer). The Compensation Committee reviews the performance of our Chief Executive Officer and makes recommendations to our Board with respect to his compensation and our Board retains the authority to make compensation decisions relative to our Chief Executive Officer. The Compensation Committee will review and evaluate, at least annually, the performance of the Compensation Committee and its members, including compliance by the Compensation Committee with its charter.

The current members of our Compensation Committee are Paul L. Berns and Michael P. Samar. Mr. Berns serves as the Chair of the committee. Each of the members of our Compensation Committee is independent under the applicable rules and regulations of Nasdaq and is a “non-employee director” as defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Our Compensation Committee has the authority to engage advisors to assist it in carrying out its responsibilities. In accordance with this authority, our Compensation Committee retained Aon’s Human Capital Solutions practice, a division of Aon plc (Aon) (“AON Radford”), to serve as its independent compensation consultant and to conduct market research and analysis on our various executive positions, to assist the committee in developing appropriate incentive plans for our executives on an annual basis, to provide the committee with advice and ongoing recommendations regarding material executive compensation decisions, and to review compensation proposals of management. AON Radford reports directly to the Compensation Committee and does not provide any non-compensation related services to the Company. The Compensation Committee reviewed the independence of AON Radford, employing the independence factors specified in the listing requirements of Nasdaq. Based on this assessment, the Compensation Committee determined that the engagement of AON Radford does not raise any conflicts of interest or similar concerns. In addition, the Compensation Committee evaluated the independence of its other outside advisors to the Compensation Committee, including outside legal counsel, considering the same independence factors and concluded their work for the Compensation Committee does not raise any conflicts of interest.

The Compensation Committee operates under a written charter that satisfies the applicable standards of the SEC and the Nasdaq rules. A copy of the Compensation Committee charter is available to security holders on the Company’s website at <http://ir.unitybiotechnology.com/investor-relations>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for making recommendations to our Board regarding candidates for directorships and the size and composition of our Board. In addition, the Nominating and Corporate Governance Committee is responsible for overseeing our corporate governance policies and reporting and making recommendations to our Board concerning governance matters.

The current members of our Nominating and Corporate Governance Committee are Camille D. Samuels and Margo R. Roberts. Ms. Samuels serves as the Chair of the committee. Each of the members of our Nominating and Corporate Governance Committee is an independent director under the applicable rules and regulations of Nasdaq relating to Nominating and Corporate Governance Committee independence.

The Nominating and Corporate Governance Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq rules. In evaluating the suitability of individual candidates (both new candidates and current members), the Nominating and Corporate Governance Committee, in recommending candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, may take into account many factors, including but not limited to the following:

Currently, our Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best maximize the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. Our Board met ten times and acted by unanimous written consent twelve times during 2022. The Audit Committee met four times and acted by unanimous written consent once. DIRECTOR COMPENSATION

We maintain a compensation program for our non-employee directors (the “Director Compensation Program”), which was last amended effective March 17, 2023. We do not provide directors who are also our employees any additional compensation for their service as directors.

In addition, each non-employee director who is serving on our Board immediately following an annual stockholder’s meeting will automatically be granted an annual option to purchase 6,000 shares of our common stock on the date of such annual stockholder’s meeting (the “Annual Director Grant”), provided that the number of shares subject to the Annual Director Grant will be prorated for any partial year of service as a non-employee director. The Initial Director Grant will vest as to 1/36th of the underlying shares on a monthly basis over three years, subject to continued service through each applicable vesting date. Narrative to 2022 Summary Compensation Table and Outstanding Equity Awards at 2022 Fiscal Year End

Executive Compensation Philosophy & Compensation Mix

We believe our executive compensation program is closely aligned with stockholders' interests. While base salary and an annual performance-based cash incentive opportunity incentivize the achievement of shorter-term goals, our long-term equity awards represent a longer-term compensation structure that promotes retention and continuous commitment to the operating results of the Company. We further believe this compensation mix rewards each executive, including the NEOs, for their individual contributions to the Company, both present and future.

At this phase in our growth cycle, a majority of the total direct compensation of our NEOs is directly tied, through the use of equity awards, to the growth in the value of our common stock.

Executive Compensation Process

The Compensation Committee oversees our executive compensation program (including our executive compensation policies and practices), administers our various equity plans and approves or makes recommendations regarding the compensation of our executive officers, including our NEOs, to the Board. The Compensation Committee reviews the performance of each NEO to determine whether to make any changes to their compensation. The Compensation Committee approves such changes or presents its recommendations to our Board for review and final approval.

Our Chief Executive Officer makes recommendations to the Compensation Committee regarding the salary, annual cash incentive award, and equity awards for the executive officers other than himself, including the other NEOs. At the Compensation Committee's request, our Chief Executive Officer reviews with the Compensation Committee the individual performance of each of the other executive officers, including each of our other NEOs. The Compensation Committee gives considerable weight to our Chief Executive Officer's evaluations and determines whether the recommended changes in each executive officer's compensation, if any, are appropriate.

The Compensation Committee receives support from our Human Resources Department in designing our executive compensation program and analyzing competitive market practices. In addition, our Chief Executive Officer participates in Compensation Committee meetings (other than when his own compensation is being discussed), providing input from our executive team on organizational structure, executive development, and financial analysis.

While the Compensation Committee does not establish compensation levels based solely on a review of competitive market data, it believes that such data is a useful tool in its deliberations as it recognizes that our compensation policies and practices must be competitive in the marketplace for us to be able to attract, motivate, and retain qualified executive officers. Generally, the Compensation Committee reviews our executive compensation relative to our established competitive market (based on an analysis of the compensation

policies and practices of a select group of peer companies) every year. The Compensation Committee uses the competitive market data when evaluating all aspects of executive compensation. The Compensation Committee engages AON Radford to assist with updating our compensation peer group and assessing the competitiveness of our executive compensation program.

2022 Salaries

We use base salary to compensate our NEOs for their experience, skills, knowledge, role, and responsibilities. When establishing the base salaries of our NEOs, our Board of Directors and the Compensation Committee consider a variety of factors, including each NEO's seniority and level of responsibility as well as competitive market data and our ability to find a replacement if the individual left our employment. The base salary of each NEO is initially set upon the NEO's commencement of employment with us and reviewed annually and adjusted from time to time to reflect performance and realign with market data.

In January 2022, upon recommendation of the Compensation Committee, the Board approved increasing Dr. Dananberg's annual base salary from \$464,386 to \$482,961 and Ms. Sullivan's annual base salary from \$453,200 to \$471,328. The Board also approved increasing Dr. Ghosh's annual base salary from \$580,000 to \$609,000.

2022 Retention Bonus

In 2022, in response to retention concerns and as part of a broader Company-wide retention effort, our Compensation Committee and Board adopted a retention bonus program pursuant to which each of Dr. Ghosh, Ms. Sullivan and Dr. Dananberg were eligible to receive one-time retention bonuses of \$200,000, \$100,000 and \$100,000, respectively, in two equal installments in July and December 2022, subject to continued employment through July 15, 2022 and December 31, 2022.

2022 Incentive Compensation

We use cash incentive compensation to motivate our NEOs to achieve our annual operational objectives, while making progress towards our longer-term growth and other corporate goals. At the beginning of each year, typically in January, the Board approves a set of technical, operational, and financial goals for the Company for that year which are key drivers in determining the eventual cash incentive compensation for that year. The Compensation Committee recommends annual cash incentive compensation targets for our NEOs to our Board for its consideration and approval. Each NEO's target cash incentive is expressed as a percentage of base salary which can be achieved by meeting corporate goals at target level and, in the case of Ms. Sullivan and Dr. Dananberg, individual performance. The 2022 annual cash incentive targets for Dr. Ghosh, Ms. Sullivan and Dr. Dananberg were set at 55%, 40%, and 40% of their respective base salaries.

For 2022, our NEOs were eligible to earn annual cash incentives based on the achievement of certain corporate performance objectives approved by the Compensation Committee and the Board, as well as individual performance objectives for Ms. Sullivan and Dr. Dananberg. For 2022, the Board set corporate performance goals in the three broad strategic areas of: (i) executing on the Company's programs to include the UBX1325 clinical program in ophthalmology and the Tie2 programs, (ii) strategic transactions and partnering, and (iii) cash preservation and financings. Each area included specific performance objectives and a corresponding weighting. For each strategic area, the Board also approved certain "stretch" goals with corresponding weightings, such that the corporate goals could be achieved at up to 150% of target. In the case of Ms. Sullivan and Dr. Dananberg, 75% of the cash incentive was determined by the Company's performance and 25% was determined by individual performance. The entirety of Dr. Ghosh's annual cash incentive was determined by the Company's performance. In January 2023, the Board reviewed and approved the achievement of our 2022 corporate goals at 90%. Based on this level of achievement and adjustments for individual 2022 performance for Ms. Sullivan and Dr. Dananberg, which were determined by the Board following the recommendation of Dr. Ghosh, our NEOs were paid the amounts set forth above in the Summary Compensation Table in the column titled "Non-Equity Incentive Plan Compensation."

Equity Compensation

We use equity awards to motivate and reward our executive officers for long-term corporate performance based on the value of the Company's common stock and, thereby, align the interests of our executive officers with those of our shareholders. We believe equity provides appropriate long-term incentive and retention of our executive officers.

Dr. Ghosh, Ms. Sullivan, and Dr. Dananberg

In 2022, we made annual and supplemental grants of equity awards to our executive officers, including Dr. Dananberg, Dr. Ghosh, and Ms. Sullivan, and a follow-on new-hire grant of equity awards to Dr. Ghosh.

The table below sets forth the grants of equity awards made to Dr. Ghosh, Ms. Sullivan, and Dr. Dananberg in 2022.

NEO	Type	Grant Date	Number of Shares Underlying Options	Restricted Stock Units	Stock Award	Performance Stock Units
Anirvan Ghosh, Ph.D.	Annual	2/9/2022	56,666	14,166	—	—
	Supplemental	11/18/2022	200,000	—	—	—
Lynne Sullivan	Annual	2/9/2022	20,000	5,000	—	—

	Supplemental	11/18/2022	65,000	—	—	—

The annual options granted to Dr. Dananberg, Dr. Ghosh, and Ms. Sullivan vest as to 1/3rd of the shares on the first anniversary of the vesting start date (February 1, 2023), and 1/24th of the shares on each monthly anniversary of the vesting start date, in each case, subject to continued service on each applicable vesting date.

The supplemental options granted to Dr. Dananberg, Dr. Ghosh, and Ms. Sullivan vest as to 1/8th of the shares on each quarterly anniversary of the grant date, in each case, subject to continued service on each applicable vesting date.

Other Elements of Compensation

Retirement Plan

We maintain a 401(k) retirement savings plan for our employees, including our NEOs, who satisfy certain eligibility requirements. Our NEOs are eligible to participate in the 401(k) plan on the same terms as other full-time employees. We make matching safe-harbor contributions made by participants in the 401(k) plan at 100% of the first 4% of each participant's contributions. We believe that providing a vehicle for tax-deferred retirement savings through our 401(k) plan adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our NEOs, in accordance with our compensation policies.

Perquisites, Reimbursements and Other Benefits

Pursuant to Dr. Ghosh's employment agreement, we provided Dr. Ghosh a temporary housing allowance of \$3,000 per month for his first year of employment and \$2,000 per month for his second year of employment. We stopped paying the housing allowance on March 30, 2022.

We believe these benefits are reasonable and are intended to facilitate the applicable NEO's relocation and/or accessibility to the business as required. Other than the benefits described above, we do not provide perquisites or other personal benefits to our NEOs.

Executive Compensation Arrangements

During 2022, we were party to employment agreements with each of our NEOs, which provide for base salaries, target cash incentives, benefit plan participation, as well as certain additional benefits, as described below.

Anirvan Ghosh, Ph.D.

We entered into an employment agreement with Dr. Ghosh in connection with his appointment as our Chief Executive Officer in March 2020, which sets forth his initial base salary, target bonus and new hire equity awards. In addition, pursuant to the employment agreement, Dr. Ghosh also received a sign-on bonus of \$75,000, which was subject to repayment in the event of his termination for cause (as defined in the employment agreement) or resignation for any reason. Dr. Ghosh was also eligible to receive a temporary housing allowance of \$3,000 per month for his first year of employment and \$2,000 per month for his second year of employment, through March 30, 2022.

Under Dr. Ghosh's employment agreement, in the event Dr. Ghosh is terminated without cause or resigns for good reason (as defined in the employment agreement), outside of a period of time that begins three months prior to and ends 18 months following a change in control, then Dr. Ghosh will be entitled to receive: (i) continued base salary for 12 months following the date of termination; and (ii) payment or reimbursement of continued healthcare coverage for up to 12 months following the date of termination, in each case, subject to his timely execution and delivery of a release of claims against the Company. In the event Dr. Ghosh is terminated without cause or resigns for good reason, during a period of time that begins three months prior to and ends 18 months following a change in

control, Dr. Ghosh will be eligible to receive: (i) a lump sum severance payment equal to 1.5 times the sum of his base salary and target annual incentive payment; (ii) payment or reimbursement of continued healthcare coverage for up to 18 months following the date of termination; and (iii) the full accelerated vesting of his outstanding equity awards, in each case, subject to his timely execution and delivery of a release of claims against the Company.

In addition, in the event of a change in control, each of Dr. Ghosh's equity awards will vest as to 50% of the then-unvested shares underlying the equity award and the remaining shares underlying the equity award will vest in substantially equal monthly installments over the 12 months immediately following the change in control, subject to Dr. Ghosh's continued service to the Company or its successor through the applicable vesting date and subject to accelerated vesting as described above.

The employment agreement with Dr. Ghosh includes a "best pay" provision, pursuant to which, in the event any payment or benefit Dr. Ghosh would receive pursuant to the agreement or otherwise would be subject to an excise tax under Section 4999 of the Code, Dr. Ghosh would receive the greater of (i) the full amount of such payments and benefits or (ii) a reduced amount such that no portion is subject to an excise tax under Section 4999 of the Code, whichever is more favorable to Dr. Ghosh on an after-tax basis.

Lynne Sullivan

We entered into an employment agreement with Ms. Sullivan in connection with her appointment as our interim Chief Financial Officer in August 2020, which sets forth her initial base salary, target bonus and new hire equity awards. Ms. Sullivan's employment agreement was amended and restated in September 2020 to provide for the severance payments and benefits described below. On January 29, 2021, the Board appointed Ms. Sullivan as the Head of Corporate Development.

Under Ms. Sullivan's amended and restated employment agreement, in the event Ms. Sullivan is terminated without cause or resigns for good reason (as defined in the employment agreement), outside of a period of time that begins three months prior to and ends 18 months following a change in control, then Ms. Sullivan will be entitled to receive: (i) continued base salary for nine months following the date of termination; and (ii) payment or reimbursement of continued healthcare coverage for up to nine months following the date of termination, in each case, subject to her timely execution and delivery of a release of claims against the Company. In the event Ms. Sullivan is terminated without cause or resigns for good reason, during a period of time that begins three months prior to and ends 18 months following a change in control, Ms. Sullivan will be eligible to receive: (i) a lump sum severance payment equal to the sum of her base salary and target annual incentive payment; (ii) payment or reimbursement of continued healthcare coverage for up to 12 months following the date of termination; and (iii) the full accelerated vesting of his outstanding equity awards, in each case, subject to her timely execution and delivery of a release of claims against the Company.

The amended and restated employment agreement with Ms. Sullivan includes a "best pay" provision, pursuant to which, in the event any payment or benefit Ms. Sullivan would receive pursuant to the agreement or otherwise would be subject to an excise tax under Section 4999 of the Code, Ms. Sullivan would receive the greater of (i) the full amount of such payments and benefits or (ii) a reduced amount such that no portion is subject to an excise tax under Section 4999 of the Code, whichever is more favorable to Ms. Sullivan on an after-tax basis.

Jamie Dananberg, M.D.

Pursuant to the employment agreement in effect as of the beginning of 2020 with Dr. Dananberg, in the event of a change in control of the Company, the Dr. Dananberg's equity awards (including any performance awards to the extent then-unvested based on the change in control price) will vest as to 50% of the then-unvested shares subject thereto, and the remaining unvested shares will convert to a time-based equity award which will vest in substantially equal installments on each of the first twelve monthly anniversaries of the change in control, subject to Dr. Dananberg's continued service through the applicable vesting date. In addition, in the event of a termination without "cause" or resignation for "good reason" (each, as defined in the employment agreements), in either case, that occurs within the period beginning three months prior to and ending 18 months following a change in control, subject to his execution and delivery of a release of claims against the Company, Dr. Dananberg would be eligible to receive: (i) an amount equal to 0.75 times the sum of the executive's annual base salary and target incentive payment, payable in a lump sum; (ii) payment or reimbursement of continued healthcare coverage for up to nine months following the date of termination; and (iii) full acceleration of his equity awards.

The employment agreement includes a "best pay" provision, pursuant to which, in the event any payment or benefit Dr. Dananberg would receive pursuant to the agreement or otherwise would be subject to an excise tax under Section 4999 of the Code, Dr. Dananberg will receive the greater of (i) the full amount of such payments and benefits or (ii) a reduced amount such that no portion is subject to an excise tax under Section 4999 of the Code, whichever is more favorable to Dr. Dananberg on an after-tax basis.

In March 2020, Dr. Dananberg’s employment agreement was amended to provide for the same severance benefits as described above for Ms. Sullivan. Effective April 30, 2023, the Company involuntarily terminated Dr. Dananberg’s employment. Pursuant to his amended employment agreement, he will receive (i) a lump sum payment amounting to nine months of his base salary following the date of termination; and (ii) payment or reimbursement of continued healthcare coverage for up to nine months following the date of termination, in each case, subject to his timely execution and delivery of a release of claims against the Company. The Company entered into a consulting agreement with Dr. Dananberg that will provide for his service to the Company as a consultant through December 31, 2023 in exchange for consideration to include continued vesting of his equity awards and an hourly rate of \$500 above a monthly eight-hour threshold.

Compensation Risk Assessment

Consistent with the SEC’s disclosure requirements, we have assessed our compensation programs for all employees. We have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Management has evaluated our executive and employee compensation and benefits programs to determine if these programs’ provisions and operations create undesired or unintentional risk of a material nature. The risk assessment process includes a review of program policies and practices; analysis to identify risks and risk controls related to our compensation programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, the effectiveness of our risk controls and the impacts of our compensation programs and their risks to our strategy. Although we periodically review all compensation programs, we focus on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. In relation to this, we believe that our incentive compensation arrangements provide incentives that do not encourage risk taking beyond our ability to effectively identify and manage significant risks and are compatible with effective internal controls and our risk management practices.

The Compensation Committee monitors our compensation programs on an annual basis and expects to make modifications as necessary to address any changes in our business or risk profile.

Material Features of the 2020 Plan

In March 2020, our board of directors adopted our 2020 Plan. Awards granted under the 2020 Plan are intended to constitute “employment inducement awards” under Nasdaq Listing Rule 5635(c)(4) and therefore, the 2020 Plan is intended to be exempt from the Nasdaq Listing Rules regarding stockholder approval of stock option and stock purchase plans. As amended, a total of 546,000 shares of our common stock are authorized for issuance under the 2020 Plan. The number of shares authorized for issuance has been adjusted to reflect the reverse stock split that occurred in October 2022 and the Board of Directors approval of an increase in the number of shares reserved for issuance by 300,000 on February 13, 2023. The 2020 Plan provides for the grant of non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance bonus awards, performance stock units, dividend equivalents or other stock-based and cash-based awards. These awards may be granted to individuals who are new employees or are commencing employment with us or one of our subsidiaries following a bona fide period of non-employment with us, and for whom such awards are granted as a material inducement to commencing employment with us or one of our subsidiaries.

The 2020 Plan is administered by the Board or the compensation committee. In the event of a change in control in which the successor corporation refuses to assume or substitute any outstanding award under the 2020 Plan, the awards will vest in full. The Board may amend, suspend or terminate the 2020 Plan at any time, provided that no amendment requiring stockholder approval to comply with applicable law will be effective unless approved by the Board and no amendment may materially and adversely affect any outstanding award without the consent of the holder.

DELINQUENT SECTION 16(A) REPORTS

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors, and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with during the year ended December 31, 2022, except for a Form 4 for each of Anirvan Ghosh, Ph.D., Lynne Sullivan, Jamie Dananberg, M.D., and Alexander Nguyen that were inadvertently filed two days late on February 15, 2022 due to administrative error.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

Brokers with account holders who are Unity stockholders may be “householding” our proxy materials. A single proxy statement may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in “householding.”

If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate proxy statement and annual report, you may (1) notify your broker, (2) direct your written request to: Unity Biotechnology, Inc., 285 East Grand Ave., South San Francisco, CA 94080 or (3) request from the Company by calling (650) 416-1192. Stockholders who currently receive multiple copies of this Proxy Statement at their address and would like to request “householding” of their communications should contact their broker.
